EXPERIENCE

Production Editor

Taylor & Francis Publishing | Philadelphia, Pa

- Examine artwork to develop exhibition, storage, and shipping strategies.
- Determine condition reports to assist with conservation processes.
- Specialize in various art mediums to ensure proper handling.
- Manage an ever-changing inventory of artwork and specialized storage materials.

Art Technician

Philadelphia Museum of Art | Philadelphia, Pa

- Examine artwork to develop exhibition, storage, and shipping strategies.
- Determine condition reports to assist with conservation processes.
- Specialize in various art mediums to ensure proper handling.
- Manage an ever-changing inventory of artwork and specialized storage materials.

EDUCATION

LaunchCode, Philadelphia

Full Stack web development covering a spectrum of languages, including JavaScript, C#, HTML/CSS, several frameworks including Angular and React. Worked individually and with groups to develop applications.

Bachelor's in Liberal Arts

Temple University, Philadelphia

My primary focuses were contemporary literature and documentary poetics. I also gained peripheral experience in technical writing.

Certification in Audio Engineering

School of Audio Engineering, Manhattan

Studied music production, analog and digital recording techniques, and live-sound construction. Recorded original scores for film production and provided engineering for podcast work.
